Press release

The Japanese pen manufacturer Kotobuki, well known by its brand Penac and its high-class pens, sets its focus on two novelties: The PROTTI PRC 105/107 in 6 vivid colors, a mechanical pencil for professional drawing and writing as well as the INKETTI 0.7 gel pen which is now with its elegant design and 0.7 mm writing diameter in blue, red and black becoming the new favorite in the offices.

Besides sophisticated mechanical pencils, ballpoint and gel pens plus high-class multifunction pens Penac has to offer liquid ink pens, erasers, correction tapes and refills.

Kotobuki's staff welcomes you at Insights-X Online!
